SCHEDULE

PART	Topic	Hours
I	Part dedicated to poultry red mites Half year with Exolt [®] – domestic and foreign experience.	11⁰⁰ – 13⁰⁰
II	Part dedicated to coccidiosis Can we check the effectiveness of vaccination against coccidiosis?	14⁰⁰ – 16⁰⁰

Workshop program

10⁰⁰ – 11⁰⁰	REGISTRATION
11⁰⁰ – 13⁰⁰	<p><u>PART I:</u> Half year with Exolt® – domestic and foreign experience.</p> <p>The workshops will be devoted to the poultry red mites biology, methods of the infestation monitoring with this parasite and modern therapy based on the new MSD AH product - Exolt®. The first anti poultry red mites product, administered in drinking water, quickly gained popularity in many poultry markets in Europe and in the whole world. During short presentations, participants will be able to get acquainted with the experiences of doctors from several European countries, including Poland and join in an open discussion on many practical tips related to the use of Exolt®.</p>
13⁰⁰ – 14⁰⁰	LUNCH – Cantine in IKAR hotel
14⁰⁰ – 16⁰⁰	<p><u>PART II:</u> Can we check the effectiveness of vaccination against coccidiosis?</p> <p>The second part of the workshop focus on issues related to the effectiveness of vaccination against coccidiosis. Based on personal experiences and field cases, the speakers will point out factors that affect the vaccination effect against coccidiosis, what is characteristic in vaccination against parasitic disease and why it required different approach from, both the doctor and the producer, than in the case of antiviral or antimicrobial vaccines.</p>
16⁰⁰ – 16³⁰	DISCUSSION
16³⁰	Arrival of <i>Eimeriana Avia</i> 2018 participants to the Holiday Inn Hotel in Józefów
20⁰⁰	Gala dinner of <i>Eimeriana Avia</i> 2018 participants in the Holiday Inn Hotel in Józefów

All lectures will be translated simultaneously from Polish to English

If necessary, there is possibility to make an individual reservation accommodation at the IKAR Hotel
